AND COLLEGE OF OSTEOPATHIC MEDICINE

*Commencement 2020*

MARIAN UNIVERSITY  
INDIANAPOLIS, INDIANA

---

Marian University grew out of the dedication and vision of Sister Theresa Hackelmeier and the Sisters of St. Francis, Oldenburg, Indiana, who established a school in Oldenburg, Indiana, in 1851. After a number of transformations, the school became Marian College in 1936. The college moved to Indianapolis in 1937 and classes began on September 15 in Allison Mansion.

On July 1, 2009, Marian College became Marian University. On May 4, 2011, Marian University received pre-accreditation status for a new medical school. On August 24, 2011, the university broke ground on the Michael A. Evans Center for Health Sciences that houses the Marian University College of Osteopathic Medicine and the Leighton School of Nursing. On August 6, 2013, Marian University held a ribbon-cutting ceremony and reception for the Michael A. Evans Center for Health Sciences. The College of Osteopathic Medicine matriculated its first class in August 2013 and held its inaugural commencement ceremony on May 7, 2017.

## Academic Regalia

---

The origin of academic regalia (gowns, hoods, and caps) dates back to the 12th century when universities began to form and most scholars belonged to religious orders. Colors became standardized in the United States in 1895 when a group of leading educators from Ivy League and New York universities (the Intercollegiate Commission) introduced an Academic Costume Code (i.e., colors identify the university and degree and the cut-and-style of the academic attire distinguishes the level of education).

### Gowns

Bachelor's gowns are simple with long, pointed sleeves and no trim. Master's gowns have oblong sleeves which are open at the wrist. Doctoral gowns are the most elaborate with front-facing velvet and three velvet bars on each billowing, bell-shaped sleeve.

### Hoods

Bachelor regalia may include a hood which is 36 inches in length. Master's and doctoral regalia include hoods that are 42 and 48 inches in length, respectively. Hoods are

lined with silk that indicate the academic color(s) of the institution. A binding trim of velvet designates the subject in which the degree is granted. The color for doctoral degrees in medicine is green; the color was chosen to represent medieval herbs. Royal blue represents the doctoral degree in philosophy (Ph.D.).

### Caps

Mortarboards are worn at all levels. Recently, tams have increasingly been adopted as the caps worn by doctoral candidates and those with a doctoral degree. Tassels are typically black or the color of the subject studied; gold tassels are worn by doctoral candidates and those with doctoral degrees. When candidates enter the ceremony, their tassels are on the right side of their cap. Graduation is signified symbolically when the tassel is moved to the left.

## **OUR VISION**

To provide an education distinguished in its ability to prepare transformative leaders for service to the world.

At Marian University we achieve this vision by preparing graduates who are:

- knowledgeable and professional;
- inquisitive in a broad, multi-dimensional, and critical way;
- ethically informed and holistic in perspective; and
- spiritually mature.

## **OUR MISSION**

To be a great Catholic university dedicated to providing students with excellent teaching and learning in the Franciscan and liberal arts tradition.

## **OUR FRANCISCAN SPONSORSHIP VALUES**

Our campus welcomes students of all faiths who seek an educational experience that emphasizes a Franciscan understanding of the sponsorship values of dignity of the individual, peace and justice, reconciliation, and responsible stewardship, informed by prayer.

Upon this strong foundation are three pillars of strength, on which all of the accomplishments of the Marian University community rest:

- a commitment to excellent teaching and learning;
- curriculum and programs in the liberal arts, Franciscan, and Catholic traditions; and
- a campus community that creates a rich faith, culture, and social environment that nurtures high academic achievement and the ultimate purposes of higher education.

We create remarkable futures for those who attend Marian University by strengthening and building on these pillars.
